

LETTER OF GUARANTEE

With this statement we declare that the raw materials used for the production of Clipps, are suitable to be used for the fabrication of articles in contact with food at a temperature up to 70°C (158°F) and comply with the following European regulation:

Regulation 1935/2004/EC
 Regulation 10/2011/EC
 Regulation 2023/2006/EC
 Regulation 284/2011/EC
 Regulation 450/2009/EC
 Regulation 321/2011/EC
 Regulation 1282/2011/EC
 Regulation 1183/2012/EC
 Regulation 202/2014/EC
 Regulation 174/2015/EC
 Regulation 1416/2016/EC

And the following American regulation
 Regulation FDA 21 CFR

The above mentioned product is made of 100% virgin material:
 HIPS (Butadiene and Styrene)
 GPPS (Styrene)
 Master Dye

Schutte bagclosures BV declares the following:

The product contains substances under the restrictions listed in the above mentioned regulation.

The product complies with the overall migration limit < 10 mg/dm² (60 mg/Kg)
 at the following test conditions: simulant A, B, and D2 10 days at 40°C (104°F)

and the specific migration limits for: 1,3 butadiene (CAS 00106-99-0).

for 1,3 butadiene alternatively to the specific migration test, it is allowed to determine the maximum permissible content in the product, that must not exceed to 1 mg/Kg

Evaluated substances with limitation, specific migration limits (SML) and maximum residual contents (QM and/or QMA).

Substance		SML/QM/QMA [mg/kg]
Butadiene	223	0.01
Zink	Zn	5
Antioxidant	688	18
Irganox 1076	433	6

In the product there are substances named also "dual use" additives, that are substances authorized also as food additives (Titanium Dioxide CAS No. 0013463-67-7) and regulated by the Regulation 1333/08/EC, Regulation 1334/08/EC and amendments (Regulation 1129/2011/EU and Regulation 1130/2011/EU).

Substance	CAS number
TiO2	-
calcium stearate	1592-23-0

The product complies with the requirements referred into Art.11 of European Directive 94/62/EC and subsequent amendments (Directive 2004/12/EC, Directive 2005/20/EC and Regulation 219/2009/EC). Therefore it doesn't exceed the concentration of 100 ppm for the total heavy metal (Pb, Cd, Hg and Cr hexavalent).

The use of following materials is excluded on all steps of production process and the materials are not a constitutional component:

Phthalates	Bisphenol S	Bisphenol A	Bisphenol F
Toluene	Benzene	2-ethylhexanoic	PVC, PVDC
Ethyleenbenzol	Xylene		

Furthermore, if the product is working according to good manufacturing practice for food contact applications, it complies with US Food, Drug and Cosmetic Act as declared in the Regulation 21 CFR 177.1640 "Polystyrene and rubber modified polystyrene" from US Food and Drug Administration (FDA).

We also remind you that is responsibility of the end-user to make sure that the finished items, processed by good manufacturing practice with the above mentioned product "Clipps", complies to all the required regulations and owns the technical ability for its application.

This statement is valid from the above written date and has a maximum validity of 24 months.

This declaration is based on information of our suppliers.
